`<p>I just setup a demo of v4.<br> I was brought to a screen where I had a link to "Add or Remove agents from your plan"and one to "click here to add a new agent".<br><br> Clicking on the latter allows me to add a new agent.'<br><br> Clicking on the former takes me to a bad page. I've included screen shots of the link I clicked and the resulting web page.</p>`
