Content of archive is not shown properly Collecting Feedback

- Philipp Bartsch
- **Forum name:** #Bug Report

If the first message of an conversation contains an archive and I want to view the content (nice feature by the way), I cannot really use this feature. Please have a look at the attached screenshot).

Appreciate you sending this over to us Philipp, I can see this is a bug with the dropdown trailing off the screen. I have logged this report, and we will get this fixed for you.
