Display the name of linked topics to agents editing the topic when content links are being used in Guides Collecting Feedback

- TH Theresa Harbor
- **Forum name:** #Feature Request

Currently, when you create a content link the ID number of the topic is used but this makes it difficult to keep track of what topic is being linked to:

KNOWLEDGEBASE

General	16
Hic magnam omnis	8
Iusto labore vel	5
Autem voluptatem dicta	6
Libero omnis placeat	12

topic:4

Suggestion: Display the topic name in the agent interface to make it easier to keep track of what content has been linked to.
