When you add a new agent to your helpdesk, the agent is automatically emailed a copy of the [Agent Quick Start Guide](#). This is a 12 page PDF document designed to quickly introduce the main features of the agent interface.

For a comprehensive guide to Deskpro for agents, including many powerful productivity features, see the [Agent Guide](#).

Finally, we can provide custom screencast training, giving your agents a tour of the software and answering any questions they have about how to use it. Contact sales@deskpro.com for details.
