Answer:

You can do this by editing the portal templates.

- 1. Go to the portal editor at **Admin > User Interface > Portal.**
- 2. Click the **Template Editor** section at the lower left.

3. In the Portal section, select the **home.html** template.

kb_cat_subscription_link.html	
Portal	
disabled.html	
nav_buttons_small.html	
Header/page_search_box.html	
Header/top_bar.html	
Header/top_tabs.html	
Header/small_user_info.html	
home.html	
sidebar.html 🐴	
footer.html	
Dev/agents_online_list.html	
Dev/satisfaction_stats_list.html	
nav_buttons_big.html	

6. The template editor opens. Find the line that says:

{% show section news_list_excerpts with { count: 2, show_category_link: true } %}

Edit the number in *count: 2* to the desired number of articles: in this case, 5.

7. Click the X at the top right of the template editor to close it.

8. Click the green **Preview Changes** button at the top of the screen to see the effect of the edit and verify that the section now shows five articles instead of two.
