Warnings during update (via CLI-Updater) Finished

- Christopher Callaham
- **Fórum neve:** #Feature Request

Every few upgrades I get warnings in the command line upgrader

 Warning:
rmdir(C:\inetpub\wwwroot\betadesk\app\sys\cache\twig-compiled\54): Dire
 ctory not
empty in C:\inetpub\wwwroot\betadesk\app\vendor\symfony\src\Symfony\Co

mponent\HttpKernel\Util\Filesystem.php on line 98

 Warning:
rmdir(C:\inetpub\wwwroot\betadesk\app\sys\cache\twig-compiled\49): Dire
 ctory not
empty in C:\inetpub\wwwroot\betadesk\app\vendor\symfony\src\Symfony\Co

mponent\HttpKernel\Util\Filesystem.php on line 98

 Warning:
rmdir(C:\inetpub\wwwroot\betadesk\app\sys\cache\twig-compiled): Directo
 ry not
empty in C:\inetpub\wwwroot\betadesk\app\vendor\symfony\src\Symfony\Compo

nent\HttpKernel\Util\Filesystem.php on line 98

 I think the upgrade acutally
finishes but I don't know if the causes any issues when they happen.
