On-Premise

You can generate your own Deskpro On-Premise invoice easily by visiting the [Buy License](#) link on our website. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

Cloud

Cloud invoices can be raised from the Billing area of your Cloud trial. You can access the Billing area through the \$ icon on the Navigation Bar, indicated below. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

The screenshot shows the 'Buy Deskpro / Create Quote' page. On the left, a navigation bar has a '\$' icon highlighted with a red box. The main area has a header 'Buy Deskpro / Create Quote' and a notification: 'Billing will be applied on Jun 24, 2022 after your trial ends (in 11 days)'. Below this is the '1 Agent Seats' section with the instruction 'Enter the number of agent seats you wish to purchase now.' A dropdown menu shows '10' and a slider ranges from 3 to 1000. An illustration of a team working is shown below the slider. At the bottom is a 'Continue' button.
