Have widget menu visible at all times on dashboards Collecting Feedback

- Amabel Watkins
- **Forum name:** #Feature Request

Would like the below highlighted menu to be visible at all times on a dashboard, and not just when you hover over the widget:

The screenshot shows a dashboard interface. At the top, there's a section labeled "ON THIS DASHBOARD:" followed by several circular icons representing different widgets. To the right of these icons is a button labeled "EDIT AGENT ACCESS" with a user icon. Below this section is a horizontal line, and then a button with a refresh icon and the text "AUTO REFRESH EVERY 10 MINUTES". Another horizontal line follows. Below that is a light blue header bar. Underneath the header bar is a table with columns: "Priority", "Associated Cls", "Department", "Agent Team", "Assigned Agent", "External Ticket#", "Priority", and "Status". The first row of the table shows the name "Martin" under the "Assigned Agent" column. To the right of the table, there is a vertical sidebar with a menu. The menu items are highlighted in yellow, showing icons for a dashboard, a widget, a settings gear, and a refresh icon.
