DeskPRO Build #135 Released

2012-10-02 - Chris Padfield - Comments (0) - Deskpro Releases

We are pleased to announce a new release of the DeskPRO helpdesk platform, build #135.

The following is an automatically generated list of changes in this release:

- Redirect back to listing after creating new trigger, fix listing of 'any new web form' triggers
- Different license expire page for cloud, show on user interface right away

If you are using the cloud version of DeskPRO, your account will have already been updated or will be updated within the next 24-48 hours.

If you are using DeskPRO download, you can update your installation from the admin interface.
