## How do I nominate users to manage an organization's tickets?

Eloise Rea - 2023-08-01 - [Commenti \(0\)](#) - [Agent](#)

The organization managers feature allows specific people to oversee all of the ticket happenings for their organization. Normally, a person can only see the tickets that they've created or are a participant in. However, an organization manager can see any ticket associated with their organization and even automatically be added as a participant to any new tickets for their organization.

### Nominating Organization Managers

A person can be set as an organization manager in two places in the agent interface:

- On a person's CRM profile, next to their position field.
- On the organization page, in the members list. Organization managers have an icon next to their name. Clicking this icon will toggle manager status on and off.

The screenshot displays the Energy.io help center interface. At the top, there's a header with the organization name 'Energy.io', a search bar, and several filters: '1', 'High Priority', 'Partnership', and 'VIP'. Below the header, there are navigation icons for home, tickets, and other features.

The main content is divided into two columns. The left column contains organization details:
 

- Summary**: Contact information (+44 07969 236608), properties (Date created: Oct 14, 2021), hierarchy (Parent: City Air Inc.), and associated domains (energy.com, energy.io).
- Members**: A list of team members including Agatha Bardle, Alice Barrel (Manager), Audrey Merivale, Doris Weather..., Heather Brown, Hilda Adair, Lily Jones, and Spencer Hastin...

The right column shows a list of tickets:
 

- Open (28)** and **Resolved (36)** tickets.
- Each ticket entry includes a subject, sender, and a time-to-respond icon.
- For example, ticket 196 is 'Problem reading the meter (Email)' from Alice Barrel, with a 3-day response time.
- Ticket 275, 'Call from +447969236608' from Hilda Adair, is highlighted with a red arrow pointing to her profile icon.

### From the Organization Manager's perspective

An organization manager can view and search all of their organization's tickets in the help center. They will have a new option when clicking on their user profile icon.
