Show tickets ordered by number of Agents who replied until Resolution

Matthew Wray - 2023-09-08 - [Commenti \(0\)](#) - [Reports](#)

Question:

How can I create a report to show resolved tickets with only one agent replying to the ticket?

Answer:

This will show resolved tickets ordered by the number of agents who have added replies (or notes).

```
SELECT DPQL_COUNT_DISTINCT(tickets_messages.person) AS 'Number of agents',
       tickets_messages.ticket_id
  FROM tickets_messages
 WHERE tickets_messages.person.is_agent AND tickets_messages.ticket.status = 'resolved'
  GROUP BY tickets_messages.ticket_id
 ORDER BY DPQL_COUNT_DISTINCT(tickets_messages.person)
```
