Streamline After Hours Call Management

2025-01-17 - Lara Proud - Commenti (0) - Product (Admin)

With our new multiple business hour sets feature you can assign specific sets to your voice queues to improve operational flexibility and improve customer experience during your non-operational hours. This approach provides callers with personalized greetings and voicemail access, ensuring they feel acknowledged and informed even when direct assistance isn't available.

Additionally, the ability to set ticket assignment rules from missed calls allows for quick and efficient follow-up by the appropriate departments or agents. This ensures that customer inquiries are addressed promptly and effectively, maintaining high service standards and demonstrating a commitment to customer care around the clock

To get started, you can check out the $\underline{\text{Business Hours Sets}}$ and $\underline{\text{Vacation Sets}}$ guides.
