

How do I change the logo on the agent login screen?

Alexandra Mead - 2023-08-17 - Comments (0) - Configuration

If you want to update the Logo that's visible on the login screen for your Agents in **Admin > Configuration > Branding**. In the section Agent Branding, you can update the Logo that appears on the login screen under the option **Logo**.

The screenshot shows the Deskpro Admin interface. On the left is a sidebar with navigation links: OVERVIEW, CONFIGURATION (expanded), CHANNELS, AGENTS, HELP CENTER, TICKET STRUCTURE, FEATURES, BUSINESS RULES, CRM, APPS & INTEGRATIONS, and DATA. Under CONFIGURATION, 'Branding' is selected. The main content area is titled 'Branding' and includes a sub-header 'Agent Branding'. Below this, there are several configuration fields: 'Helpdesk name' (with a text input field containing '221 B Helpdesk'), 'Favicon' (with a file upload button and 'Change file' link), 'Logo' (highlighted with a red box, showing 'Choose a file' and 'Drag and drop' options), 'Avatar' (with a file upload button and 'Change file' link), and 'Helpdesk URL' (with a dropdown menu showing 'https://221benenergy.deskpro.com/').

Hit **Save** to update your company logo.

This Logo will now be visible to your Agents when they log in to the helpdesk:
