I want to buy Deskpro but I need you to send me a quote or invoice

On-Premise

You can generate your own Deskpro On-Premise invoice easily by visiting the [Buy License](#) link on our website. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

Cloud

Cloud invoices can be raised from the Billing area of your Cloud trial. You can access the Billing area through the \$ icon on the Navigation Bar, indicated below. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

The screenshot displays the 'Buy Deskpro / Create Quote' interface. On the left, a navigation sidebar includes 'Billing' (highlighted with a red box), 'Dashboard', 'Invoices', 'Payment Methods', and a '\$' icon. The main content area features a notification banner: 'Billing will be applied on Jun 24, 2022 after your trial ends (in 11 days)'. Below this is the 'Agent Seats' section, which prompts the user to 'Enter the number of agent seats you wish to purchase now.' A dropdown menu is set to '10', and a slider below it ranges from 3 to 1000. An illustration of a team working is shown below the slider. A 'Continue' button is located at the bottom of the main content area.
