Additional total times in DPQL Collecting Feedback

- Joshua Thompson
- **Forum name:** #Feature Request

Currently in DPQL there are 4 total time options in the tickets table:

total_to_first_reply

total_user_waiting

tickets.total_to_first_reply_wh

tickets.total_user_waiting_wh

It would be helpful if there were more options here.

Specifically a total time the ticket is in the pending status would be particularly useful.
