On-Premise

You can generate your own Deskpro On-Premise invoice easily by visiting the [Buy License](#) link on our website. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

Cloud

Cloud invoices can be raised from the Billing area of your Cloud trial. You can access the Billing area through the \$ icon on the Navigation Bar, indicated below. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

The screenshot shows the 'Buy Deskpro / Create Quote' page. On the left, a navigation bar includes a \$ icon highlighted with a red box. The main content area features a notification about the trial end date (Jun 24, 2022) and a section for selecting 'Agent Seats'. A dropdown menu is set to '10', and a slider below it allows for selection between 3 and 1000 seats. An illustration of a team is shown below the slider, and a 'Continue' button is at the bottom.
