Problem with multiple browsers tabs when using Agent SAML SSO Finished

- Brad Coudriet
- **Forumo pavadinimas:** #Bug Report

When using SAML SSO I've noticed that opening another tab logs my other tabs out.

I tested this with Active Directory login and it doesn't happen and the multiple browser tabs open

Hi Brad, I'm just reaching out as we are doing a review of open bug reports in Deskpro. I've taken a look into this issue and I can see this should now been fixed. I'm very sorry for the delay in providing an update here!
