We would like the ability to remove the 'csv download' and 'print' buttons on report widgets

The screenshot displays the Deskpro dashboard interface. On the left is a navigation sidebar with sections for Reports, Dashboards, and Ticket Insights. The main content area is titled 'TICKET INSIGHTS' and shows a 'Report: Overview' with several key metrics and charts.

Backlog	Online Agents	New Tickets Today	New Chats Today	Re Time This Mo	Satisfaction Today	Replies Today	Resolved Today
308 tickets waiting	1 online agent	0 tickets created	0 chats created	0 minutes to reply	no data	535 replies sent	0 tickets resolved

Below the metrics are three charts: 'Backlog by Department' (bar chart), 'Backlog by Team' (bar chart), and 'Replies Past 24h' (bar chart). The 'Replies Past 24h' chart shows a peak in replies around 6pm.

Agent	Replies
Geovanny Hoppe	53
Natalia Powtowski	50
Colly Pfeiffer	48
Carol Purdy	47
Corporate Content	46
John Doe	45
Loyal Turcotte	45
Zack Marazik	43
Alessia Abshire	40
Nayeli Reichert	40
Dulce Rodriguez	39

Other widgets include 'SLA Status' (pie chart), 'New Tickets by Channel' (no data), and 'New Tickets by Department' (no data). The bottom of the dashboard shows 'Time to first reply' and 'New Tickets by Hour'.
