How to add 'Resolve ticket' buttons at the ticket list of clients' web-view? Collecting Feedback

- A Aleksei
- **Forum name:** #Feature Request

Is it possible to to add 'Resolve ticket' buttons at the ticket list of clients' web-view?

So our customers can close a ticket quickly that way, and avoid entering each ticket to do so.
Our clients are very much asking for this improvement.

I attach to this letter an illustration of this.
