- **Forum name:** #Bug Report

1. Go to <https://support.deskpro.com/en/new-ticket>
2. Scroll down to the Message-box and click in it
3. Click on the link-button (linkButton.png)
4. Press the -button on your keyboard (pressEnter.png)

I expect this to do the same as clicking on the checkmark, but instead it acts like you press "Submit" .
