

How do I change the logo on the agent login screen?

Alexandra Mead - 2023-08-17 - Comments (0) - Configuration

If you want to update the Logo that's visible on the login screen for your Agents in **Admin > Configuration > Branding**. In the section Agent Branding, you can update the Logo that appears on the login screen under the option **Logo**.

The screenshot shows the Deskpro Admin interface. On the left is a sidebar with navigation links: OVERVIEW, CONFIGURATION (expanded), CHANNELS, AGENTS, HELP CENTER, TICKET STRUCTURE, FEATURES, BUSINESS RULES, CRM, APPS & INTEGRATIONS, and DATA. Under CONFIGURATION, 'Branding' is selected. The main content area is titled 'Branding' and includes sub-sections: 'Help Center Configuration', 'Messenger Setup', and 'User Registration'. The 'Agent Branding' section is active, showing fields for 'Helpdesk name' (221 B Helpdesk), 'Favicon', 'Logo' (highlighted with a red box), 'Avatar', and 'Helpdesk URL' (https://221benenergy.deskpro.com/). The 'Logo' field has a red box around it with the text 'Choose a file' or 'Drag and drop'.

Hit **Save** to update your company logo.

This Logo will now be visible to your Agents when they log in to the helpdesk:
