Is there a way to configure this? We get different variations of subject lines and it would be nice to be able to configure additional ones.

Hi Mike - you can't define this at the moment but I agree that would be a useful feature. The article you reference has recently been updated to specify the codes that are currently looked for if you're interested: https://support.deskpro.com/en/kb/articles/why-are-some-automatic-replies-added-as-an-internal-note
