You can customize the text on the Help Center **Contact Us** button where users submit tickets. For instance, if you'd like to rename it from "Contact Us" to "Submit Tickets".

Go to **Admin > Configuration > Phrase Translation**. Click the Help Center UI tab and search for `helpcenter.general.nav_contact`.

Phrase Translation

The text you see in Deskpro is stored as phrases, that includes the names of custom object you create. Here you can manage the phrases and provide translation for custom phrases.
