## Updating Text on the Contact Us Page

Kim - 2024-08-19 - [Reacties \(0\)](#) - [Using Deskpro](#)

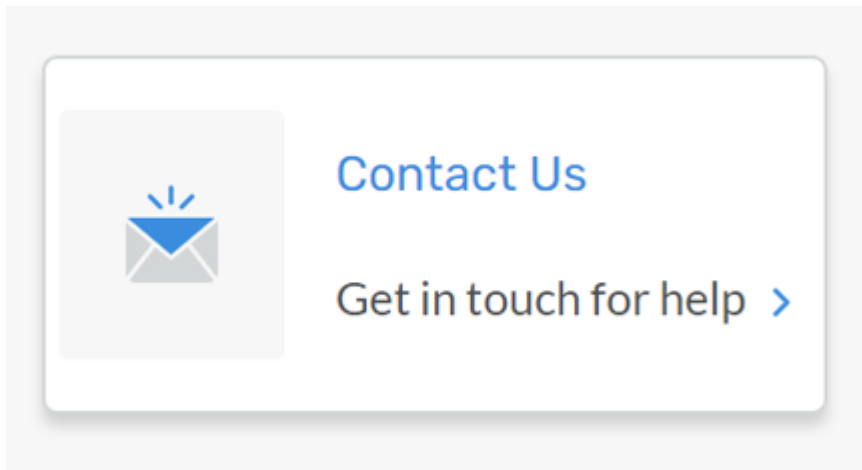

To modify the text on the Contact Us page, such as the Button label, the Navigation Label, the search bar placeholder and the Title above the form, follow these steps:

1. **Navigate to Admin > Configurations > Phrase Translations.**
2. **Select 'Help Center UI' from the list.**
3. **Search for the following objects to update:**
  - **Button:** helpcenter.general.nav\_newticket
  - **Navigation:** helpcenter.general.nav\_contact
  - **Title:** helpcenter.tickets.new\_section\_title
  - **Search bar placeholder:** helpcenter.general.search

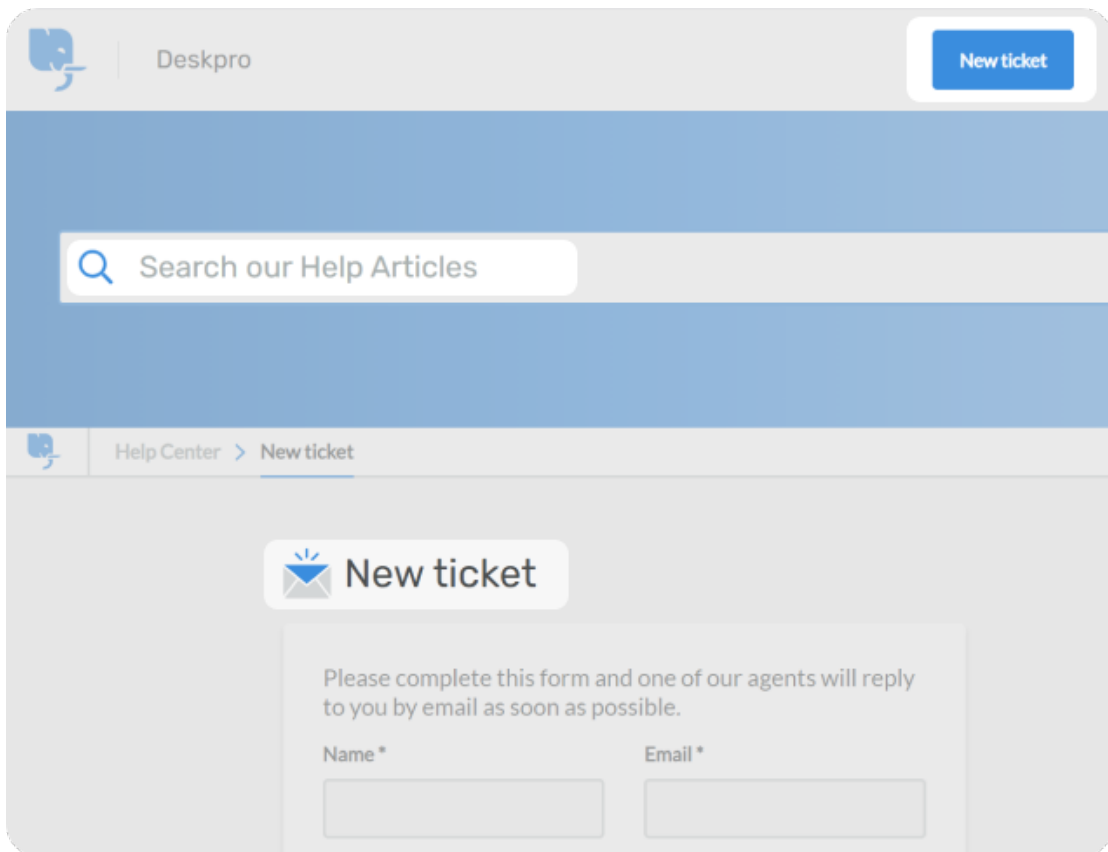

The screenshot shows the Deskpro admin interface. In the sidebar, the 'CONFIGURATION' menu item is circled in red with a '2' next to it. Below it, the 'Settings' icon (a gear) is circled in red with a '1' next to it. In the main content area, the 'Phrase Translation' page is displayed. At the top of this page, there is a 'Help' button. Below it, there is a search bar and filter, sort, and view controls. The search bar contains the text 'Help Center UI', which is circled in red with a '3' next to it. Below the search bar, there is a table with columns for 'Your Objects', 'Phrase', and 'English'. The table contains one row with the value 'Help Center Account (119)' in the 'English' column.

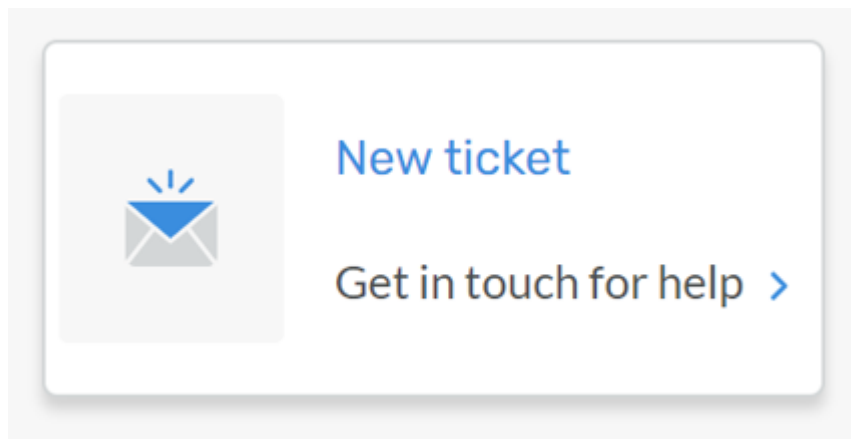

**Before:**

**After:**

In the Phrase Translation settings, you can update various text elements within Deskpro that are stored as phrases, giving you the flexibility to customize your Help Center portal to meet your specific needs.
