## Deskpro 2019.7.4 Release

2019-09-20 - Grace Howlett - [Reacties \(0\)](#) - [Deskpro Releases](#)

This release contains a hotfix for a regression that could break CSS on the portal when Deskpro is installed into a sub-directory.

### **Bug Fixes:**

- CH-2983 Invalid path to assets when Deskpro installed into a sub-directory
