## How do I set up a new user registration form?

Manu Marquez - 2023-09-08 - Kommentarer (0) - Ticket Structure

Some organizations need new users to complete a form to provide information, agree to network policies, etc.

This article explains how you can implement this in Deskpro so that users can submit a ticket form and all the information is added directly to their profiles. We'll also demonstrate how to embed a form to collect information from new users.

1. Go to Admin > CRM > Fields > User Fields. Click "New" to create a new Custom Field.

	APPS & INTEGRATIONS					
۲	G John Doe 🗸 🖓 🕞	B.				Rows per page: 100 - 1-7 - of 7 < >

Choose a field from the list provided, and click **Configure Field**. For this example, we are going to use a toggle to record that the user agreed to your network policy.

e Help	Add: New Field
on and new ticket forms.	<ul> <li>Single-line Text</li> <li>A single-line input box that the user can type into.</li> </ul>
	Number Allows users to enter a numeric value.
	O Multi-line Text A multi-line input box that the user can type into.
	<ul> <li>Select Field</li> <li>Present predefined options to user as a drop-down, radio button or checkbox menu.</li> </ul>
Field Type	Toggle
Select Field	This field displays as a single checkbox.
Select Field	O Date Date Field lets user select a date using the calendar widget.
Date	O Date & Time
Date & Time	Date & Time field lets user select a date & time using the calendar widget.
Multi-line Text	ODisplay
Toggle	This field does not take input, instead displays the HTML entered by you the administrator.
Currency	<ul> <li>Hidden</li> <li>This is a hidden field in the new-ticket form with no visible UI for a user to interact with. The value can come from a cookie or a query string parameter, or you can use custom Javascript in your templates to set the field dynamically. The field is still editable in the agent interface via a text box.</li> <li>URL</li> </ul>
	Configure Field

During the field configuration, you will be able to set up Title, Description, and User Validation amongst other values.

	Add: New Field	>
	Field type	
	Toggle	
	Title*	
	I agree to your Network Policy	
	C Enabled	
	Agent only field Hide field from users, only agents will be able to see and edit this field.	
	Description	
Туре	By checking this box, you agree to abide by <a href="https://example.com/policy"&gt;Acme Corp's Network Policy</a 	
t Field	Reference Alias 💿	
t Field	Enabled display Label	J
& Time	Disable display Label	
-line Text	Enabled by default	J
e	User validation	
-	Require user to provide value -	]
ncy	Agent Validation	
	No agent validation 👻	
	Create	

2. Go to Admin > Ticket Structure > Departments and create a new department called New Users.

3. In the Form tab, select Custom Form Editor.

4. Click on the + Field button to add your newly created Toggle field — type the name of your field to find it in the provided list:

n	2	
ustom Form Editor	2	
is a custom layout that applies only to this department. Any changes you make nis layout will not affect any others.		
er Form Agent Form		
: User Name & Email (Single-line Text)		
Department (Select Field)		
Subject (Single-line Text)		
Message (Multi-line Text)		
: Attachments		
Field 3 I agree × er Fields gree to your Network Policy		

5. To make it easy for users to find the form, you can embed it on its own page on your website/intranet. Select the **Website Embed** tab, and add the code to your site.

<div id="deskpro_embed_form_container"></div>	
<script type="text/javascript"></td><td></td></tr><tr><td>window.DESKPRO_EMBED_OPTIONS = {</td><td></td></tr><tr><td>"helpdeskUrl": "https:///5065-2a02-c7c-6b10-5200-10f1-</td><td></td></tr><tr><td>ac97-dbb0-5795.ngrok-free.app",</td><td></td></tr><tr><td><pre>"containerId": "deskpro_embed_form_container",</td><td></td></tr><tr><td>'language": "en-US",</td><td></td></tr><tr><td>"department": 0,</td><td></td></tr><tr><td>"hide department": 0,</td><td></td></tr><tr><td>"width": "500"</td><td></td></tr><tr><td>Width : 500</td><td></td></tr><tr><td>} **</td><td></td></tr></tbody></table></script>	

6. You could set up a trigger so that, if users haven't agreed to the network policy when submitting a ticket to any other department than "New Users", they get an automatic email reminder to fill in the new user form. You'll need to create a new email template for this reminder.

/hen	the following cond	ditions are met:	
	Department		•
And	I agree to you	ur Network Policy 🔹 🖌 Is not set	•
