How do I install the chat widget in Magento?

- 1. Sign into your Magento account as an administrator.
- 2. Head to the "Content" section on the left hand side navigation menu. Then click on "Configuration".

3. Find the current theme row (on a fresh installation it is applied as "Default Store View") and click " \mathbf{Edit} \mathbf{Link} ".

4. Copy and paste the chat widget code from Deskpro under Admin > Chat > Site Widget & Chat.

6. Don't forget to refresh your caches (Magento will remind you about that!)
