Deskpro On-Premise Controller Release 2.14.2

2024-02-28 - Lara Proud - [Komentarze \(0\)](#) - [Deskpro Releases](#)

We're pleased to share the latest release of Deskpro's On-Premise Controller, version 2.14.2. This update includes some bug fixes to improve the OPC's functionality.

Bug Fixes

- ☐ Ensure disk space checks report space issues on correct paths (SC 143683).
- ☐ Ensure that domains added to the OPC and instances do not contain paths (SC 143110).
