

How do I install the chat widget in Drupal?

Lauren Cumming - 2023-08-16 - Comentários (0) - Using Deskpro

1. Login into your Drupal account as an administrator.
2. Open the '**Manage**' menu.

3. Then click on the '**Structure**' section.

4. Now you need to create a custom block with the widget code. Select '**Block Layout**' from the menu.

[Back to site](#) [Manage](#) [Shortcuts](#) [admin](#)

[Content](#) [Structure](#) [Appearance](#) [Extend](#) [Configure](#)

Structure

[Home](#) » [Administration](#)

- [Block layout](#)
Configure what block content appears in your site's sidebars and other regions
- [Comment types](#)
Manage form and displays settings of comments.
- [Contact forms](#)
Create and manage contact forms.
- [Content types](#)
Create and manage fields, forms, and display settings for your content

5. Now click on the 'Custom block library' tab and hit "Add custom block".

The screenshot shows the 'Custom block library' page in a web application. At the top is a navigation bar with 'Back to site', 'Manage', 'Shortcuts', and a user profile 'admin'. Below this is a secondary navigation bar with 'Content', 'Structure', 'Appearance', 'Extend', and 'Config'. The main header area contains 'Custom block library' with a star icon. Two tabs, 'Block layout' and 'Custom block library', are visible, with the latter being active. Below the tabs are two sub-tabs: 'Blocks' (active) and 'Block types'. A breadcrumb trail reads 'Home » Administration » Structure » Block layout'. A text line states: 'Blocks in the block library belong to Custom block types, each with its own f'. A blue arrow points from the 'Custom block library' tab to the 'Custom block types' sub-tab. Another blue arrow points from the text 'Custom block types' to the '+ Add custom block' button. Below this button are two input fields: 'Block description' (empty) and 'Block type' (set to '- Any -'). An 'Apply' button is positioned below these fields. At the bottom, a section titled 'BLOCK DESCRIPTION' is partially visible.

Embed code

```
<!--DESKPRO_WIDGET_LOADER::BEGIN--><script type="text/javascript">window.DESKPRO_WID
```

COPY

Manually installing the widget Install widget in a CMS

8. Copy and paste this into the Body in Drupal and press Save.

9. Go back to **"Block Layout"** and click the **"Place Block"** button, on the row titled **'Header'**.

The screenshot shows the Drupal administration interface for the 'Block layout' configuration page. The top navigation bar includes links for 'Back to site', 'Manage', 'Shortcuts', and the user 'admin'. Below this is a secondary navigation bar with tabs for 'Content', 'Structure', 'Appearance', 'Extend', and 'Configuration'. The main heading is 'Block layout' with a star icon. Two tabs are visible: 'Block layout' (active) and 'Custom block library'. Under the 'Block layout' tab, there are two sub-tabs: 'Bartik' (active) and 'Seven'. A blue arrow points from the 'Seven' sub-tab to the 'Block layout' tab. Below the tabs, a breadcrumb trail reads 'Home » Administration » Structure'. A text block states: 'Block placement is specific to each theme on your site. Changes will not be s'. Below this is a link 'Demonstrate block regions (Bartik)'. The main content area is titled 'BLOCK' and lists several block regions: 'Header', 'Primary menu', and 'Secondary menu'. Each region has a 'Place block' button next to it. A blue arrow points from the 'Place block' button under the 'Header' region to the 'Place block' button under the 'Primary menu' region. Below each region name, there are additional blocks: 'DeskproWidget' under 'Header', and 'Site branding' under 'Primary menu'. The 'Main navigation' block is listed under the 'Primary menu' region.
