

How do I nominate users to manage an organization's tickets?

Eloise Rea - 2023-08-01 - Comentários (0) - Agent

The organization managers feature allows specific people to oversee all of the ticket happenings for their organization. Normally, a person can only see the tickets that they've created or are a participant in. However, an organization manager can see any ticket associated with their organization and even automatically be added as a participant to any new tickets for their organization.

Nominating Organization Managers

A person can be set as an organization manager in two places in the agent interface:

- On a person's CRM profile, next to their position field.
- On the organization page, in the members list. Organization managers have an icon next to their name. Clicking this icon will toggle manager status on and off.

Manager

The screenshot displays the Energy.io help center interface. At the top, there's a header with the Energy.io logo and navigation tabs for 'High Priority', 'Partnership', and 'VIP'. Below the header, there are icons for search, filters, and a 'Tickets +' button. The main content is divided into two columns. The left column contains organization details: 'Summary +', 'Contact Information +', 'Properties', 'Hierarchy', 'Associated Domains +', and 'Members +'. The right column shows a list of tickets under the heading 'Open (28) Resolved (36)'. Each ticket entry includes a number, a subject, the sender's name and email, and a timestamp. A red arrow points to the user profile icon of Hilda Adair in the ticket list, which is highlighted in blue. The 'Members +' section on the left lists several users, including Alice Barrel (Manager), Audrey Merivale, Doris Weatherspoon, Heather Brown, Hilda Adair, Lily Jones, and Spencer Hastings.

From the Organization Manager's perspective

An organization manager can view and search all of their organization's tickets in the help center. They will have a new option when clicking on their user profile icon.
