Extract Zip (gzip/tar) files and download specific files only (5.5)

2017-03-13 - Lauren Cumming - [Comentários \(0\)](#) - [Product](#)

When a ticket has a ZIP file attached to it, you can now click on the 'View files' drop down and only download the most relevant files that you need.

The screenshot shows a ticket interface with three messages. The top message is from John Doe, mentioning 'Zip file attachments'. Below it is a zip file attachment named 'ticket-debug-5328.zip (65.29 KB)' with a 'view files' dropdown menu. The dropdown menu is open, showing a list of extracted files:

- ticket-debug-5328_20170309095607_11YM
- person.json (5.27 KB)
- ticket-layouts.json (11.13 KB)
- message-21770-source.eml (38.29 KB)
- ticket.json (12.73 KB)
- message-21770.log (124.87 KB)
- ticket-log.html (34.21 KB)
- filters.json (40.25 KB)
- ticket-log.json (22.32 KB)
- message-21770.json (15.97 KB)
- triggers.json (39.98 KB)
- ticket-context.json (45.16 KB)
- ticket-manager.2017-03-09.09-20-04.LNTD.log (216.60 KB)

The middle message is from Haven Hermiston, and the bottom message is from Verona Hudson.
