Changing the size of the navigation buttons

Lauren Cumming - 2023-08-31 - Comment (1) - Deskpro Legacy

Question

How do I change the size of the navigation buttons on the main homepage to the size of the ones on the new ticket form?

Answer

This is a simple change.

Go to Admin > User Portal > Portal > Templates > home.html and replace **nav_buttons_big** with **nav_buttons.**

I was hoping this would explain how to actually change the values of the button, like width and height. Is there a way to do this?
