You can generate your own invoice for Deskpro, this process varies for on-premise and cloud.

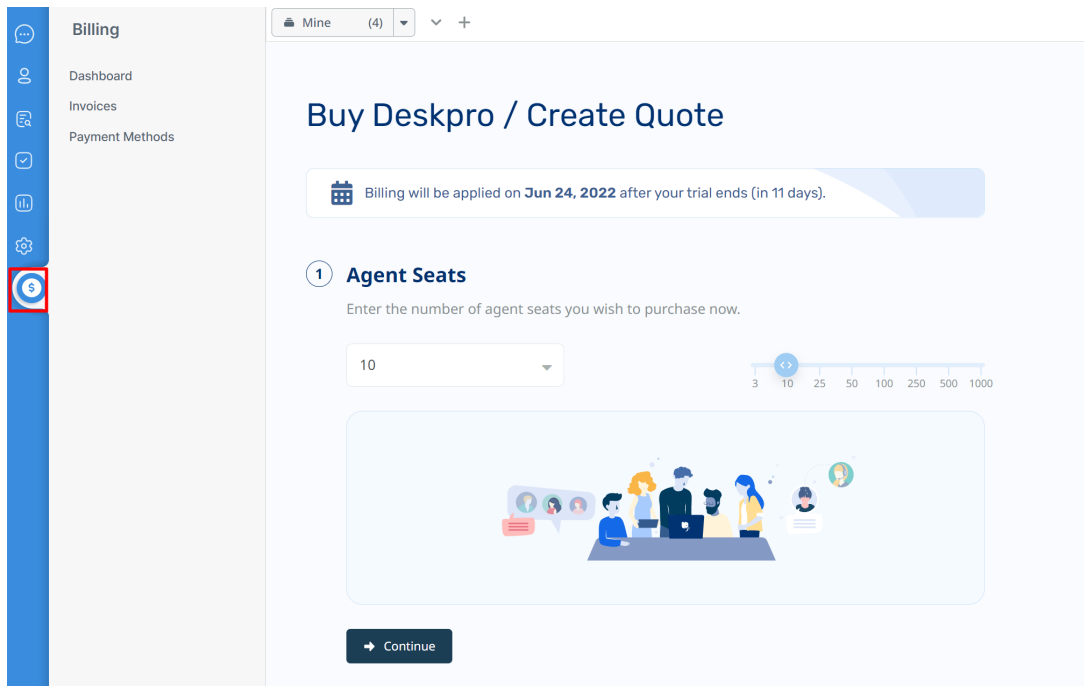

On-premise

You can easily generate your own Deskpro on-premise invoice by visiting:

<https://www.deskpro.com/buy>. You'll be able to select the number of agents, plans and professional services.

Cloud

Cloud invoices can be raised from the billing area of your cloud trial. You can access the billing area through the '\$' icon in the navigation panel:

The screenshot shows the Deskpro user interface. On the left is a vertical navigation bar with icons for various functions. The '\$' icon is highlighted with a red square. The main content area is titled 'Buy Deskpro / Create Quote'. At the top, there is a notification: 'Billing will be applied on Jun 24, 2022 after your trial ends (in 11 days)'. Below this is a section for 'Agent Seats' with the instruction 'Enter the number of agent seats you wish to purchase now.' A dropdown menu is set to '10', and a range slider below it shows values from 3 to 1000. An illustration of a customer support team is shown below the slider. At the bottom of the main content area is a 'Continue' button.
