

How long are outgoing emails retained for in cloud accounts?

Benedict Sycamore - 2022-02-10 - Comments (0) - Using Deskpro

In order to keep Deskpro running smoothly and securely across cloud accounts, we have rules for how long we retain outgoing email logs.

Outgoing email logs can be viewed in **Admin > Channels > Email > Outgoing Log**

The screenshot shows the 'Outgoing Email Logs' page in the Deskpro Admin interface. The page has a sidebar on the left with navigation options like Overview, Configuration, Channels, Accounts, Templates, Settings, Incoming Log, and Outgoing Log. The main content area displays a table of outgoing email logs with columns for Date Created, Email ID, Status, From, To, Subject, and Ticket. The table contains 15 rows of data, each representing an outgoing email log entry. The 'Date Created' column shows various time intervals, and the 'Status' column shows different icons representing the state of the email. The 'From' and 'To' columns show the email addresses of the sender and recipient, and the 'Subject' column shows the subject line of the email. The 'Ticket' column shows the ticket ID associated with the email.
