Merge multiple tickets into one Collecting Feedback

- Stefan Behrens
- **Forum name:** #Feature Request

The ability to merge multiple tickets into one (currently the system only allows the merging of two tickets into one)

That would be a great feature, I think it had been already asked by another users as well.

Lieven Embrechts

the merging of two tickets into one already gives problems because time registration is not merged. This is important to us because it needs to be invoiced.
