## Can I pay you to add a feature to Deskpro?

Ben Henley - 2023-08-10 - Komentarjev (0) - Payment & Renewals

Yes, we will consider custom development work to tailor Deskpro to your needs. This can be anything from adding a widget to tweak the agent interface, developing integration with another piece of software you use, to sponsoring faster development of a feature that is already on our roadmap.

We will provide you with a fixed quote based on the scope of work.

 $Learn\ more\ on\ our\ \underline{Consultancy}\ page\ or\ reach\ out\ to\ \underline{sales@deskpro.com}\ for\ more\ details.$
