How do I change the logo on the agent login screen?

Alexandra Mead - 2023-08-17 - [Komentarjev \(0\)](#) - [Configuration](#)

If you want to update the Logo that's visible on the login screen for your Agents in **Admin > Configuration > Branding**. In the section Agent Branding, you can update the Logo that appears on the login screen under the option **Logo**.

The screenshot shows the 'Branding' configuration page in the Deskpro Admin interface. The left sidebar contains a navigation menu with categories like OVERVIEW, CONFIGURATION, CHANNELS, AGENTS, HELP CENTER, TICKET STRUCTURE, FEATURES, BUSINESS RULES, CRM, APPS & INTEGRATIONS, and DATA. The 'CONFIGURATION' section is expanded to show 'Branding', 'Languages & Locales', 'Phrase Translation', and 'Business Hours'. The 'Branding' section has three sub-sections: 'Help Center Configuration', 'Messenger Setup', and 'User Registration'. The 'Agent Branding' section is active, showing fields for 'Helpdesk name' (221 B Helpdesk), 'Favicon' (with a 'Change file' button), 'Logo' (highlighted with a red box, containing 'Choose a file' and 'Drag and drop' options), 'Avatar' (with a 'Change file' button), and 'Helpdesk URL' (https://221benergy.deskpro.com/).

Hit **Save** to update your company logo.

This Logo will now be visible to your Agents when they log in to the helpdesk:
