Deskpro API usage examples

Ben Henley - 2023-08-29 - Comments (0) - Deskpro Legacy

There are examples of using the Deskpro API and [PHP SDK](#) in our GitHub repository.

[Basic usage examples](#) are included in the SDK.

This is an [example of using the Deskpro API to submit tickets from an HTML form](#).

This example code shows [how to download all tickets and convert them to PDFs](#).
