On-Premise

You can generate your own Deskpro On-Premise invoice easily by visiting the [Buy License](#) link on our website. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

Cloud

Cloud invoices can be raised from the Billing area of your Cloud trial. You can access the Billing area through the \$ icon on the Navigation Bar, indicated below. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

The screenshot displays the Deskpro Billing interface. On the left, a vertical navigation bar contains several icons, with a red box highlighting the '\$' icon. The main content area is titled 'Buy Deskpro / Create Quote'. At the top, a notification states: 'Billing will be applied on Jun 24, 2022 after your trial ends (in 11 days)'. Below this, the 'Agent Seats' section is highlighted with a circled '1'. It prompts the user to 'Enter the number of agent seats you wish to purchase now.' and features a dropdown menu currently set to '10' and a range slider with values 3, 10, 25, 50, 100, 250, 500, and 1000. A 'Continue' button is located at the bottom of the section.
