incorporate a "you can book me" feature. In Development

• Forumets namn: #Feature Request

We use youcanbook.me on our helpdesk website. Check it out: http://www.rawlsgrouphelpdesk.com/book-scott.htmlWe paste our bookings into DP tickets manually, and vice versa. If these two systems could talk, or if DP created a similar booking tool... This could be an awesome addition to DP! Thank YOU! Scott
