Go to **Admin > Configuration > Phrase Translation**, then select the **Help Center UI** tab. Then you can type **"contact"** in the search box to quickly find the relevant phrases.

From here, you will want to search and click on the entry labeled `helpcenter.general.nav_contact`

The screenshot shows the Deskpro admin interface for Phrase Translation. The left sidebar has a red box around 'Phrase Translation'. The main area has a search bar with 'contact' and a 'Filter' dropdown. Below the search bar, there are two sections: 'Help Center UI' and 'Help Center General (2)'. The 'Help Center General (2)' section has a red box around the entry 'helpcenter.general.nav_contact' with the translation 'Contact Us'.

Phrase	English	Customized?
Help Center Error (2)		
helpcenter.error.contact	If you feel that this is an error, please contact us.	
helpcenter.error.contact_us	Contact Us	
Help Center General (2)		
helpcenter.general.nav_contact	Contact Us	
helpcenter.general.nav_contact_desc	Get in touch for help	

A menu will open that will let you change your phrase on the right-hand side, then click save.
