We've revamped [the DeskPRO website](#), with a fresh design to reflect the fact that DeskPRO is the cutting-edge helpdesk platform for 21st century organizations.

The screenshot shows the new DeskPRO website homepage. At the top, there is a navigation bar with the DeskPRO logo, a search bar, and links for 'TOUR', 'DESKPRO FEATURES', 'PRICING', 'CUSTOMERS', and 'SUPPORT'. A prominent blue button says 'TRY DESKPRO FOR FREE' and another says 'BUY NOW / GET QUOTE'. The main content area features a large banner with the text: 'DeskPRO is the helpdesk platform for 21st century organizations. Beautifully designed. Simple to use. Flexible. Multi-channel. Powerful. Affordable. Your choice: our Cloud Helpdesk or On-Premise Helpdesk.' Below this is a 'Start your free DeskPRO trial' button with sub-points: 'No credit card required' and '30 second setup'. To the right, there is a '12 YEARS' badge and a 'Get the mobile apps' section with icons for iOS and Android. The background of the banner shows a blurred office scene with people. Below the banner, there is a section titled 'Who's Already Using DeskPRO?' with the subtitle 'The world's largest organizations trust DeskPRO to manage their customer support at scale.' This section displays a grid of logos for various clients, including Microsoft, HM Revenue & Customs, Cabinet Office, YAHOO!, tumblr., xerox, VALVE, 2CC, bitdefender, FLIGHT CENTRE, Panasonic, ANOVA, PURE, NHS, I&I, INNOVA, bayt, Imagination, Southwire, HOTEL Chocolat, and Booz | Allen | Hamilton. A 'Click here to chat with us' button is located at the bottom right of the client logos.

There's now a lot more detailed information about DeskPRO's features, and how our platform helps deliver excellent customer service for organizations of all sizes. If you're trying to convince your workplace to adopt a modern helpdesk, or you just want to spread the word about us, be sure to take a look, and send a link to the new site to anyone who

could benefit from DeskPRO.

We've updated our [customer testimonials page](#) to include more of the big names who rely on DeskPRO every day. If you've been happy with your DeskPRO experience and you'd like to help us out by writing a brief recommendation, please drop us a line at [hello@deskpro.com](mailto:hello@deskpro.com).

We'd also like to hear from you if you notice any teething troubles with the new site, like broken links or missing images, or if it doesn't display well in your browser.
