New: New keyboard shortcuts

2013-03-21 - Security Test - [Kommentar \(1\)](#) - [Product](#)

New keyboard shortcuts are available on the ticket tab to allow you to perform common tasks even faster.

- alt+r**: Sends your reply
- alt+s**: Opens the snippets directory
- alt+o**: Opens the reply actions menu
- alt+u**: Sets the reply action to Awaiting User
- alt+a**: Sets the reply action to Awaiting Agent
- alt+d**: Sets the reply action to Resolved

Note: For Mac users, use `ctrl` instead of `alt`.

View all of the keyboard shortcuts by clicking the agent preferences in the top-right of the window, and opening up 'Help'.

Ctrl+shift+C starts on Chrome developer tools - console, however I would like to close the current ticket (tab) by some shortcut. Can shortcut for closing ticket/tab be changed, so users can use it in Chrome?
