

I want to buy Deskpro but I need you to send me a quote or invoice

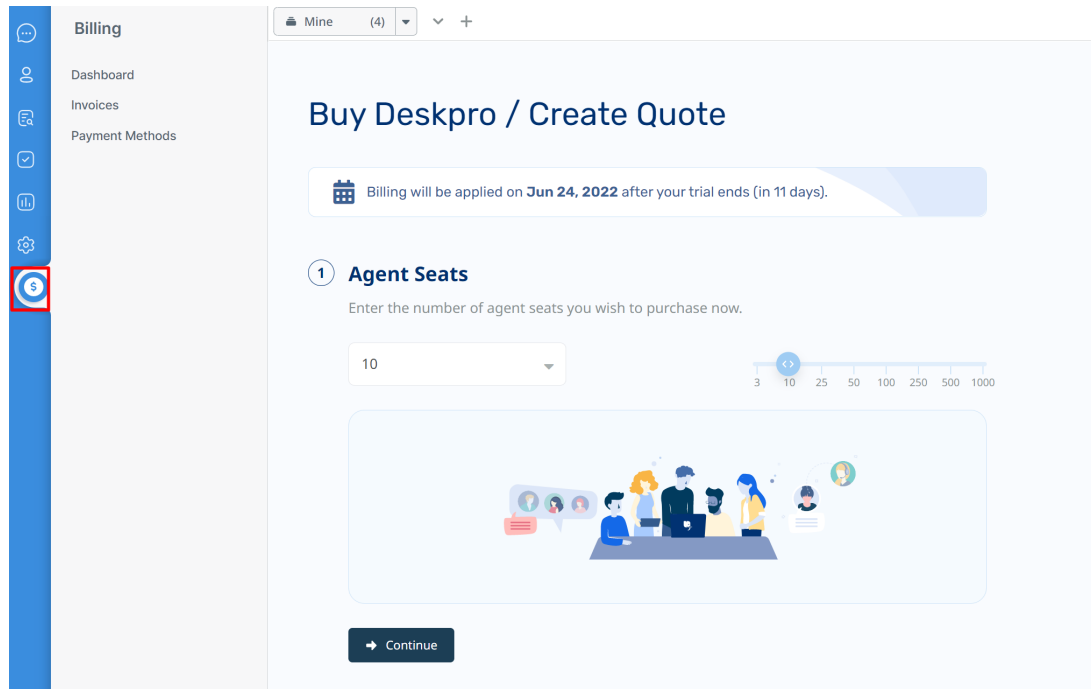

Ben Henley - 2023-08-10 - Yorumlar (0) - Payment & Renewals

On-Premise

You can generate your own Deskpro On-Premise invoice easily by visiting the [Buy License](#) link on our website. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

Cloud

Cloud invoices can be raised from the Billing area of your Cloud trial. You can access the Billing area through the \$ icon on the Navigation Bar, indicated below. You can select the number of agents you require, your plan, and any professional services and then generate an invoice or quote.

The screenshot displays the Deskpro Billing interface. On the left, a sidebar contains navigation icons for various functions, with the '\$' icon for Billing highlighted. The main content area is titled 'Buy Deskpro / Create Quote'. A notification banner indicates that billing will begin on June 24, 2022, after the trial ends in 11 days. Below this, the 'Agent Seats' section prompts the user to enter the number of seats, with a dropdown menu showing '10' and a slider control ranging from 3 to 1000. An illustration of a customer support team is shown below the input fields. A 'Continue' button is located at the bottom of the page.
