

DeskPRO Build #282 Released

2013-08-01 - Chris Padfield - Comments (0) - Release Announcements

We are pleased to announce a new release of the DeskPRO helpdesk platform, build #282.

The following is an automatically generated list of changes in this release:

- FIX Fix scrolling problems on touch devices
- FIX Showing 'delete' button on validating users to agents without delete permission
- FIX Usergroups counts in the sidebar differing from number of actual results
- FIX Some tabs in sidebar not updating scroll height

If you are using the cloud version of DeskPRO, your account will have already been updated or will be updated within the next 24-48 hours.

If you are using DeskPRO download, you can update your installation from the admin interface.
