Have widget menu visible at all times on dashboards Collecting Feedback

- Amabel Watkins
- 论坛名称: #Feature Request

Would like the below highlighted menu to be visible at all times on a dashboard, and not just when you hover over the widget:

The screenshot shows a dashboard interface. At the top, there is a section labeled "ON THIS DASHBOARD:" followed by several circular icons representing different widgets. One icon is highlighted with a dark background. To the right of these icons is a button labeled "EDIT AGENT ACCESS" with a user icon. Below this section, there is a horizontal line and a button with a refresh icon and the text "AUTO REFRESH EVERY 10 MINUTES". Below this, there is another horizontal line. At the bottom, there is a table with columns: "Priority", "Associated Cls", "Department", "Agent Team", "Assigned Agent", "External Ticket#", "Priority", and "Status". The first row of the table shows the value "Martin" under the "Assigned Agent" column. A yellow highlight is placed over a menu icon in the top right corner of the dashboard area.
