

## Hide Option to Upload Image

Emily Booth - 2023-08-24 - Comments (0) - Deskpro Legacy

If you would like to hide the Upload Picture option from the Account page on the portal, simply follow the steps below

3. Save the template change at the bottom of the template editor, then you'll need to click 'Save Changes' again in the portal preview section, at the top of the page.

This will now remove the 'Upload Picture option from the Account page, but if you do ever need this back, simply go to the template and revert the changes.
